

V-200 Series Vortex Mixer

- Variable speed control from 200 to 2500 rpm
- Intermittent “touch” operation or continuous mode
- Mix a wide variety of tube sizes and shapes with the included rubber cup head
- Heavy die-cast body won’t dance across your bench
- 3-year warranty

V-200 Series Vortex Mixer

Mixing speed can be selected from 200 rpm for very gentle mixing to 2500 rpm for vigorous agitation. Choose between “touch” mode or continuous operation simply by pressing a button on the fascia. Robust die-cast body avoids unnecessary movement during use. The ergonomic low profile design makes everyday vortexing comfortable for the user.

Integral retort rod fixing allows vessels to be secured above the vortex action for long-term mixing. The V-200 can mix a variety of other vessels when used in conjunction with the accessory pack detailed below.

Accessory Pack

- Plastic cradle for standard microtiter plate
- Circular foam insert for beakers and flasks (up to 500 mL capacity)
- Rectangular foam insert (holds 8 x 0.2 mL, 8 x 0.5 mL and 16 x 1.5 mL microcentrifuge tubes)
- Solid rectangular foam insert (blank for custom holes)

Specifications

Model no.	V-200
Speed	200 to 2500 rpm
Touch operation	Yes
Continuous operation	Yes
Orbit diameter	0.42 cm (0.16 in)
Dimensions (W x H x D)	13.5 x 7.8 x 21.5 cm (5.3 x 3.1 x 8.4 in)
Electrical supply	90 to 240 VAC, 50/60 Hz, 20 W
IP rating	IP31
Warranty	3 years
